November 1, 1979

Governor William J. Janklow
Members of the South Dakota Legislature
and
Citizens of South Dakota

Pursuant to SDCL 10-1-34, 10-1-35, 10-1-36 and 6-9-1, I am submitting the fiscal year 1979 Annual Statistical Report of the South Dakota Department of Revenue.

The annual report is prepared for the purposes of providing you with the value of property for the purposes of taxation for the current year. This report furnishes historical tax data on both the state and local level, the source of state funds, the levy of tax by purpose and the disposition of state levied taxes. In addition, the report provides an explanation of the various state taxes and presents an outline of the Department's organizational structure.

Respectfully submitted,

Steven J. Zellmer
Secretary of Revenue

Cost per copy $2.97, 500 copies printed.

SECTION I: THE DEPARTMENT OF REVENUE

The major function of the Department of Revenue is to collect and administer various taxes and license fees levied by the state and local governments. In order to do such as effectively and efficiently as possible, the Department has established five major goals. They are:

1. COMPLIANCE – – To use all available resources to insure that all taxpayers fully comply with the entire body of South Dakota tax laws;
2. UTILIZATION – – To insure efficient utilization of state funds through an expanded program of internal auditing and increased managerial supervision of all phases of Department administration;
3. IMPROVEMENT – – To aid improvement of South Dakota's tax laws by working with the executive and legislative branches to research all proposed modifications of South Dakota's tax laws;
4. EDUCATION – – To use all available resources of the Department to serve, assist, and educate South Dakota citizens with respect to the tax laws; and
5. COOPERATION – – To readily cooperate with other jurisdictions in all areas of tax administration.

During fiscal year 1979 the Department has continued several programs and activities designed to help the Department attain the above goals. Some of these programs and activities are:

1. Development and continuation of an audit program which, through selective auditing, insures better compliance with South Dakota's tax laws;
2. The constant updating of the sales and use tax computer program to provide for more efficient processing of returns and reporting procedures;
3. The improvement of the Motor Fuel Tax computer program to provide for greater efficiency in the processing of reports and refunds.
4. The continued participating in a sales-ratio study in conjunction with the University of South Dakota for the purpose of monitoring the quality of assessment of real property (results from the sales-ratio study are used in a formula to determine state aid to education);
5. Continued participation in a soil survey program for the purposes of determining assessed values for agricultural land; and
6. Expanded programs of training, educating, and certification of property assessors and property tax administrators.

The Secretary of Revenue, appointed by the Governor, is the chief administrator of the Department of Revenue. The office of the Secretary provides effective management of the Department through budget controls and monitoring of activities to insure adherence to established objectives. The office of the Secretary designs and administers a staff support system that provides program management, budget controls, and administrative services for the Department. The office of the Secretary also provides the Governor, Legislature, and citizens of South Dakota with up-to-date information regarding various policies and programs of the Department of Revenue.

Disposition of Revenues Generated by Taxes Administered by the Department of Revenue

Tax	Disposition of Tax Revenues
Retail Sales and Service Tax Use Tax Contractors Use Tax	All revenues from sales and use taxes are deposited into the state general fund.
Uniform Municipal Sales and Use Taxes	Ninety-nine percent of the municipal sales tax and use revenues are returned to the cities with sales and use taxes. The remaining one percent is retained as an administrative charge and deposited into the state general fund.
Reservation Sales and Use Taxes	Revenues from the reservation sales and use taxes are credited to the reservations on a pro-rata basis based on the percentage of Indian-owned business on the reservations. The state retains a pro-rata percentage of the reservation sales and use tax based on the percentage of non-Indian-owned businesses on the reservations. Also one percent of the revenues credited to the reservations are retained by the state as an administrative charge. The revenues retained by the state are deposited into the state general fund. The remaining revenues are then distributed to the tribal governments.
Motor Vehicle Fuel Tax Use Fuel Tax Interstate Fuel Tax	The revenues generated by the motor vehicle fuel tax, use fuel tax, and the interstate fuel tax are first deposited into the Motor Fuel tax fund. The State Treasurer then transfers an amount equal to the avaition fuel tax revenue to the Aeronautic Commission, an amount sufficient to cover non-highway users refunds into the non-highway users fund, and an amount equal to the administrative costs into the general fund. After the transfers to the Aeronautic Commission and non-highway users fund are made, the State Treasurer then transfer 0.4% of the amount remaining in the motor fuel tax fund to the Division of Forestry and Parks. After the transfer to the Division of Forestry and Parks is made, the State Treasurer transfers eight-ninths of the amount remaining into the State Highway Fund and one-ninth of the remaining amount into the County Highway and Bridge Fund.

SECTION II: DIVISION OF DEPARTMENTAL SERVICES

The Division of Departmental Services was established by the Secretary of Revenue under the authority of SDCL 10-1-16. The Division of Departmental Services exists to serve the Secretary of Revenue and the five tax collecting and assessing Divisions within the Department of Revenue.

1. Legal services include conducting administrative hearings, providing legal advice to the Department, assistance in the drafting of proposed legislation, and handling court litigations that the Department is involved in.

2. Operation services include the recording and depositing of all incoming tax revenue, maintenance of computer files, and the accounting of all the physical assets of the Department.

3. Financial services include development of budgetary data, recording of Department financial transaction, and general insurance of fiscal responsibility within the Department.

4. Research services include development and review of statistical data, and research involving proposed and enacted legislation and regulations.

5. Internal audit services include auditing of Department programs and operations and recommendation of various improvements resulting from internal audits.

SECTION III: DIVISION OF AUDITS

SDCL 10-1-16 provides the authority for audits as a division within the Department of Revenue. Management of the Division is vested in the Director who is under the Supervision of the Secretary of Revenue.

The purpose of the Division is to secure and maintain better control over payment of the various taxes to the Department. It is primarily responsible, through audit verification of taxpayer records, for all revenues received by the Department according to the various laws, rules, and regulations of the state. Greater control over audit activities has been attained through audit assignments from the office of the Division Director.

During FY 79 the Division completed 899 audits for a collection of $2,348,778.00 (637 sales and use tax audits for a collection of $2,234,967.00 and 262 motor fuel audits for a collection of $113,811.00).

SECTION IV: DIVISION OF SALES AND USE TAX

The Division of Sales and Use tax administers and collects the taxes levied by SDCL 10-45, 10-46, and authorized by 10-52. SDCL 10-45 imposes a tax of four percent upon the gross receipts from all sales of tangible personal property, the gross receipts of any person engaged in the practice of a profession, and the gross receipts of any person engaging in certain enumerated businesses or services. SDCL 10-46 imposes a tax of four percent of the value of any tangible personal property which is used, stored, or otherwise consumed in South Dakota, provided the tax levied by SDCL 10-45 has not been paid. SDCL 10-52 authorizes municipalities to levy a sales tax, which is administered and collected by the Division.

Management of the Division is vested in the Director, who is under the supervision of the Secretary of Revenue. In addition to the primary responsibilities of administration, collection, and reporting of state and city sales and use tax, the Division also licenses all retailers, collects delinquent accounts and assists taxpayers in all areas of sales and use tax. At this writing the Division has 32,078 sales and use tax licenses on file.

State sales and use taxes are the most important sources of revenue for the support of state government. State sales and use taxes account for more than half of the taxes collected by the Department of Revenue. The following table shows a breakdown of state sales and use taxes collected by business classification during fiscal year 1979.

SECTION V: DIVISION OF MOTOR FUEL TAX

The Division of Motor Fuel Tax operates under SDCL 10-47, 10-48, and 10-49. The Division is responsible for the collection of taxes on motor and special fuels; and through a complete and comprehensive auditing program insures full accounting of the revenue derived from these fuels.

The Motor Fuel Tax Division has jurisdiction over the bonding and licensing of approximately 1400 dealers and consumers of gasoline and special fuel. Reports are received in this office monthly and are checked for correctness, validated, and posted. This money is then deposited in the various Motor Fuel funds.

The Interstate section of the Motor Fuel Tax Division collect from 5,500 Interstate Transporation companies the tax on fuel used on South Dakota roads. (These carriers report quarterly to the Department their miles traveled and fuel consumed in all states and in South Dakota.) The use of a new data processing system insures a quick and reliable accounting system.

The Motor Fuel Refund section processed 39,870 refund claims for Motor Fuel tax refunds for non-highway use and approved payment of $5,570349.85 during fiscal year 1979. This was an increase of $69,573.56 from fiscal year 1978.

The Motor Fuel Tax Division also maintains a field auditor force of four. It is their responsibility to conduct licensee and refund claimants and to audit and assist where needed or directed. During fiscal year 1979 these individuals made 246 rural and commercial refund claim evaluations and contacted numerous other licensees for assistance or audit examination.

SECTION VI: DIVISION OF SPECIAL TAXES

The Division of Special Taxes has the responsibility of administration of the following taxes, fees, or programs: cigarette excise tax; cigarette license fee; reservation cigarette excise tax; inheritance tax; bank franchise tax; ore tax; energy mineral severance tax; coin operated laundromat license fee; beer, wine and distilled spirits taxes; beer and liquor license fee; alcohol beverage brand registration fee; a sales tax refund program; and a property tax refund program.

Sales or property tax refunds are granted to low-income senior citizens or disabled individuals based on income and size of household. The sales tax refund for individuals from single-member households range from $110.00 for income levels below $2,750 to $46.00 from income levels below $4,625. The sales tax refund for individuals from multiple-member households ranges from $220 for income levels below $5,500 to $74.00 for income levels below $7,375. The property Tax refund for individuals from single-member households ranges from 35% of property taxes due or paid for income levels below $2,750 to 19% of property taxes due or paid for income levels below $4,625. The property tax refund for individuals from multiple-member households ranges from 55% of property taxes paid or due for income levels below $5,500 to 25% of property taxes paid or due for income levels below $7,375.

SECTION VII: DIVISION OF PROPERTY TAX

SDCL 10-1-15 through 10-1-40, inclusive enumerate various duties of the Secretary of Revenue relative to the fair and equitable administration of the property tax. To assist the Secretary of Revenue in those duties, under authority of SDCL 10-1-16, the Division of Property Tax was established.

The main duties of the Division of Property Tax are to provide assistance to local governments in administration of property taxes and to help insure that all assessments of property are fair and equitable and in compliance with the laws of South Dakota. The Division assists local governments by working with Directors of Equalization and City Assessors, providing field assistance in reappraisals of one or more classes of property, assisting in the appraisals of special properties, and providing data for the assessment of agricultural land based on its productive capacity. The Division helps to insure fair and equitable assessment of property by compiling and monitoring sales ratio data, continual updating of the South Dakota Appraisal Manual, and training and certification of assessing officials throughout the state.

The Division monitors and checks local budget requests based on property tax revenue, and mill levy limitations. The Division also has the responsibility of assessing all railroad and utility property in the state.

The following is a brief step by step synopsis of the way in which property taxes (with the exception of centrally assessed properties) in South Dakota are determined.

Step A. The full and true value of all property in the state is determined by assessment on February 1.

Step B. Early in July, each county Board of Equalization sets a percentage which will be the percent that taxable value will be of full and true value, not to exceed 60 percent. At that time the total taxable value in each taxing jurisdiction within the county will be determined.

Step C. The various taxing jurisdicting (county, school district, city, etc.) within the county submit their budgets to the county auditor. This is generally to be done by October.

Step D. Mill levies (within statutory limits) for each taxing jurisdiction are determined by dividing the budget by the taxable value within the taxing jurisdiction and multiplying the result by 1,000. For example if the full and true value of all property within a city is $10,000,000 and the County Board of Equalization determines that 40% of full and true value ($4,000,000) will be taxable value, and the city has a budget of $100,000, the mill levy is computed as follows:

taxable value = 40% x full and true value
taxable value = 40% x ($10,000,000) = $4,000,000
mill levy = (budget divided by taxable value) x 1000
mill levy = ($100,000 divided by $4,000,000) x 1000 = 25.00 mills

Step E. One mill is equals to 1/10 of a cent or 1/1000 of a dollar. Thus from the example in step D, city taxes are $2.50 per $100 of taxable value. For example, if a person has property with a full and true value of $30,000 his city taxes would be computed as follows:

taxable value = 40% x full and true value
taxable value = 40% x $30,000 = $12,000
taxes = taxable value x (mill levy divided by 1000)
taxes = $12,000 x 25/1000 = $300

Step F. Taxes are due on January 1, of the year following the assessment. One-half of the taxes must be paid by May 1 of the year following the assessment and the remaining half must be paid by November 1, of the year following the assessment. All property taxes are paid to the county Treasurer.

Explanation of the 1979 Statistics by County

1978 Taxes Payable in 1979, are based on the 1978 Valuation

SCHOOLS

1. **Ag and non ag mill levies apply only to the GENERAL FUND FOR SCHOOL DISTRICTS.**
   Apply the ag levy against the ag valuation and the non ag levy against non ag valuation.
   ***These levies include General Fund plus (Capital Outlay and Special Education) if a levy has been made for these.**
   Due to differences in Adjustment and Bond levies for overlapping school districts these have not always been included in the stated levies. (If the levy for Bond is uniform over the whole school district, then it has been included).
2. **Taxes are the total for both ag and non ag amounts and also includes taxes for any district with a Bond or Adjustment levy.**

† **Designates an overlapping school district.**

CITIES

This levy and tax is the total amount for city use only.

TOWNSHIPS

This valuation and tax is the total of all organized townships in the County, therefore, it is not possible to list a mill levy due to a variance from township to township. (There are eight counties that do not have any organized townships).

COUNTY

This levy and tax is the total amount for County use only.

SECONDARY ROAD

This is applicable to unorganized townships only.

WATER CONSERVATION

This is a special tax levied and used by the Water Conservancy District only. (Not all counties or part of counties participate).

TELEPHONE OUTSIDE CORPORATE LIMITS

This carries a special levy and the tax from this goes into County General Fund. This is a tax paid by the telephone companies.

MONEY AND CREDITS

This has a special levy of four (4) mills on each dollar of valuation and the taxes are apportioned and distributed as other taxes.

SPECIAL ASSESSMENTS

Includes Predatory Animal Tax, and in some instances other assessments such as sidewalks, curb and gutter, weed mowing.

MOBILE HOMES

This valuation and tax is not included in the above figures, but the tax is apportioned as other taxes and considered as other revenue when setting up the budget.

To determine a total mill levy for any given district you will need to add the ag and non ag levy for schools, city, county and any special levy that might apply to that area. In most instances there will be an ag and non ag levy.

SECTION VIII

SOUTH DAKOTA LAND STATISTICS

South Dakota ranks 16th among the fifty states in total area. South Dakota has a total surface area of 77,047 square miles (49,310,080 acres). The total surface area of the state is composed 75,955 square miles (48,611,200 acres) of land and 1,092 square miles (698,880 acres) of inland water.[1/]

There are several units of government as well as private concerns that own the land within South Dakota. Statistics are presented as to federal and state ownership of lands in South Dakota. Statistics as to county, township, and municipal ownership of lands in the state are not readily available, and, therefore, cannot be presented. Private ownership of lands in the state is presented in two categories: Indian and non-Indian.

NOTE: Soil Conservation Service estimates indicate that between the completion of the study and June 1976 approximately 788,000 acres of pasture and range were put to use as cropland. The reader will undoubtedly notice a slight descrepency among the three figures for total land area in the state. For the most part, this descrepency is due to two factors: 1) the data presented are taken from several sources; and 2) the data presented are taken from various time periods.
